

# Vendor collaboration

## Unleash the power of strategic legal collaboration

Effective collaboration between in-house legal teams and their service providers is essential for success in today's fast-paced legal landscape. With a commitment to providing modern and simple solutions to complex problems, SimpleLegal enhances the way legal teams share general legal documents and matter-specific files with their vendors through its vendor collaboration functionality. This capability leads to improved teamwork and better outcomes by making the sharing and managing of legal documents and files more streamlined, secure, and efficient.

Vendor collaboration is designed to cater to various legal document-sharing needs, ranging from general legal documents to more specific matter files.

	Examples	Available to
<b>General vendor files</b>	Billing guidelines, NDAs, engagement letters, compliance documents, legal opinions, and more.	All SimpleLegal customers
<b>Matter-specific files</b>	Patent applications, case briefs, visa applications, employment contracts, creditor claims, medical compliance documents, M&A agreements, lease agreements, and more.	SimpleLegal customers with a matter management plan
